

PRODUCT DISCLOSURE SHEET

Dear Customer,

This Product Disclosure Sheet (PDS) provides you with key information on **Invoice Financing-i**.

Other customers have read this PDS and found it helpful; **you should read it too**.

United Overseas Bank (Malaysia) Bhd

Date:

Know Your Invoice Financing-i

Invoice Financing-i (IF-i) is a short-term working capital facility, drawn to finance the customer's open account payables or receivables.

The main features of this product are as follows:

- Financing is denominated in Ringgit Malaysia (RM) or Foreign Currency, with minimum drawdown of RM10,000.00.
- Tenure is determined according to your Letter of Offer.
- Bunching of Invoices is allowed, provided in the same class.
- Margin of financing can be up to 100%.
- Profit rate can be priced based on the prevailing Base Funding Rate (BFR)/ Cost of Financing Rate (CFR)/Foreign Currency Cost of Fund (COF) plus margin/spread, wherever applicable.
- Eligible goods/services that may be financed cover halal goods (stocks/inventories/raw materials), services (intangibles), charges and payments that are Shariah compliant.

The applicable Shariah Concept:

- **Tawarruq** which is supported by Wakalah concept.
- **Tawarruq** is an arrangement that involves a Sale of a commodity or asset to customer based on deferred payment basis by way of Murabahah. In this case, the Customer purchases the commodity as the underlying asset from the Bank. The commodity or asset is then sold for cash to a party other than original seller.
- Wakalah is a contract of appointment of an agent whereby the customer appoints the bank to act on the customer's behalf. Under this structure, there will be a Dual-Agency arrangement whereby the Customer will appoint the Bank as:
 1. Purchasing Agent: The Bank will act on behalf of the Customer to purchase the commodity from the Bank at an agreed price and tenure.
 2. Selling Agent: The Bank will act on behalf of the Customer to sell the commodity to the commodity trader

Know Your Obligations

- You must settle to the financing amount (Principal) plus profit in full upon maturity date.
- Profit is accrued over the duration of the IF-i, collected on the maturity date or early payment date.
- The Bank's Selling Price is computed as follows:
 1. Selling Price= Principal + Profit
 2. Profit= $\frac{\text{Principal} \times \text{Profit Rate} \times \text{Financing Tenor}}{365 \text{ Days}^*}$
 3. The below example is only for illustration purposes. The actual Profit Rate, Tenor, Profit, Selling Price will be calculated at the point of disbursement.

Bank's Principal (utilised amount)	RM 500,000.00
Financing Tenor	60 Days
Profit Rate	3.00%
Profit	RM 2,465.75
Bank's Selling Price	RM 502,465.75

In total, you will pay **RM 502,465.75** on the maturity date.

**Note: Following respective currencies year base, for e.g. 365 days for MYR, 360 days for USD/other currencies*

Know Your Risks

- If financing is in foreign currency, you may face foreign exchange risk.

What happens if you fail to make full payment on the maturity of the IF-i?

- If you fail to settle any Foreign Currency IF-i on its maturity date, the Bank shall be entitled (but shall not obliged) to crystallise and convert the Foreign Currency IF-i(s) to Ringgit Invoice Financing-i at the Bank's prevailing rate of exchange. When this happens, Compensation (Ta'widh) shall apply from the date of conversion to the date of full settlement.
- If you failed to settle a matured IF-i transaction you may not be allowed to further utilize the IF-i facility.
- The IF-i will be classified as past due if not fully paid on its maturity date and compensation charges will be imposed on the IF-i outstanding amount.
- Compensation charges are computed as follows:

Default payment which exceeded the maturity date	$\frac{\text{Outstanding Balance} \times \text{IIMM Rate} \times \text{No. of Days Overdue}}{365}$ Note: IIMM = Islamic Interbank Money Market
--	---

- Any past due IF-i will affect your further drawdown of the IF-i Facility and any other facilities with the Bank
- If the past due IF-i remains unpaid after 3 months, your facilities with the Bank will be classified as non-performing.
- The Bank has the right to set-off any credit balances in your account(s) against the past due IF-i following prior notification of 7 calendar days to you.
- The Bank may exercise its rights and start its recovery process/ legal action.
- Your IF-i Facility along with any other facilities with the Bank may be recalled.

What happens if you fully settle the financing before the maturity date of the IF-i?

- The Bank shall grant Rebate (Ibra') on any amount payable by you in respect of any payment due under the Facility taken up by you with the Bank in any of the following situations:
 - any early settlement or early redemption by you;
 - any settlement of the IF-i Facility due to any financing restructuring exercise by Customer;
 - any settlement by you upon occurrence of the Event of Default; and
 - any settlement by you in the event of termination or cancellation of the IF-i Facility before the expiry of the IF-i Facility Period

- Rebate (Ibra') : *Remaining Unearned Profit – Early Settlement Charges (if any)
= Total Profit – Actual Profit – Early Settlement Charges (if any)
Whereby:
 - Total Profit: Profit computed from date of disbursement to the maturity
 - Actual Profit: Profit computed from date of disbursement to the date of settlement.
- The calculation of Rebate (Ibra') shall be made in accordance with any rules, regulations and/or directives (whether or not having the force of law) required of or imposed upon the Bank from time to time and at any time by Bank Negara Malaysia or any other authority having jurisdiction over the Bank.

Other Key Terms

- You will need to have an approved IF-i Facility with the Bank and application must be made in the Bank's standard Application Form, duly completed and signed by your authorised signatory/ies.
- Each application must be accompanied by supporting documentation e.g. Invoices, transport documents, evidencing the underlying trade transaction.
